Dear Sponsor:

*Like you, we believe in educating and empowering women. That is why we believe your history and your teachings and ministry to help women find their inner strength and worth would be beneficial to our shared cause.*

*I am writing on behalf of the organization Breast and Body Health. With offices located in Alabama and Northern Virginia, we are a grassroots not-for-profit organization that fights for, and with, breast cancer survivors and their families by providing financial assistance, education, and help accessing, and navigating the healthcare system. Although our concentration is breast cancer in our communities, we have found the need to extend our reach even further; and as a health focused not-for-profit organization, we understand the role that community plays in fostering physical health and mental wellbeing.*

*Our mission has increased to combine several programs to promote education and continual support for breast cancer patients, families, and communities in need and to reach out to those who are in situations where their mental and physical health are in danger. The current geographical focus of Breast and Body Health is the Panhandle of West Virginia, The Shenandoah Valley in Virginia (where our Health Boutique is located) and Western Maryland area.*

*The current pandemic has been especially hard on families and the already vulnerable and at-risk community we serve. We as an organization and business have also started expanding our community outreach efforts to provide for all at-risk in our community, meaning this is open to all public in need, not just those that qualify for financial assistance, as many toe the line of poverty.*

*Over the last year we have included a new mission, Eliza House, and new program areas under our nonprofit that include:*

**Abuse prevention through wellness and wholeness:** *It is no secret that our public social service programs are designed to be reactive rather than proactive. We aim to improve wellness, wholeness, and confidence in children and women to help them recognize early signs of abuse. Often abusers and unhealthy relationships start in the family. We hope by helping, education, and awareness we can help individuals and families "break the cycle of abuse." We will be hosting an annual women's retreat where scholarships will be available, and women are able to be uplifted through faith, love, and resources. We will have guest speakers ranging from young professional women, local medical professionals, wellness coaches, and pastors.*

*We believe strongly in our commitment to the community, and we invite you to join us in our mission to make a difference by supporting Breast and Body Health and women in need.*

*Please join our non-partisan cause and help give our most vulnerable a voice they can proudly use. EVENT/request: With your sponsorship, you will be added on our webpage including advertisements. The retreat will be held in Martinsburg, WV - September 10, 2022. Tickets are \$40.00 per person. The event will have a start time of 9:00am and end with a Gospel Event from 6:00pm - 9:00pm. We look forward to the possibility of hearing from you.*

Sincerely,

**Bonnie E Bell**
